

HHV Landscape Committee Meeting August 9, 2016

Karen, Bet, Betsy, Pam, & Akiko present. Yvette excused.

Plants Report

Bet supervised the removal of the smoke tree & 10 plants from behind 26 SVD. All have been replanted elsewhere (upper Hiller slope & Charring Cross). Bet has been hand watering the new plantings. Serpico is working on water for the new plantings.

Received 3 new homeowners 'request for service'. (16 Hawks Hill, 411 Hiller, 51 Starview)

All appear to be routine maintenance requests. Plants will follow up.

Bet & Karen will do a walk with Trina next week.

They will remind her about the need to keep the V-ditch clean.

Trees Report

No new tree 'requests for service' have been received.

Trees will keep an eye on the transplanted smoke tree.

When tree walk happens in October the oak trees at the v-ditch will be examined with Serpico.

Akiko reported that she needs invoices from Serpico for \$100. for moving the plants, & \$315. for the new smoke tree on Charring Cross. She will contact them.

We will have a new Serpico crew this week. Jorge, will be the crew chief, Roberto and one additional man will be the crew. They will work 1/2 day on Wednesdays & a full day on Fridays.

Michael Lee will be contacted and asked to contact Sharon regarding HHV landscape papers she has in her possession. (Bradani plan & photographs of front properties taken by Bet & past requests for service.)

Homeowners who make oral requests to landscape committee members will be reminded to submit the 'request for service' form on the HHV website.

No meeting in September. Next meeting will be 10/4.

PWms 8/12/2016
